

FAIR PRACTICE CODE

SHARE Microfin Limited (“SML” or the “Company”) is registered as non-deposit taking, NBFC - MFI with RBI and commits itself for implementing and adopting fair practices in all its activities and transactions with the stakeholders. The Company has adopted a code of conduct to promote good and fair practices by setting minimum standards in dealing with the clients and increasing transparency so that the clients have a better understanding of the services provided. The Company commits itself for implementing and adopting these fair practices in all its activities and transactions with its members while functioning as an NBFC – MFI.

Methodology of extending microfinance loans to Joint Liability Groups

The methodology of loan delivery is initiated by an orientation meeting organized in the villages where villagers are briefed on the loan disbursements and procedures. Women are then asked to form into groups of five members of their choice and 7 to 8 such groups form a Center/ JLG. The Company does not influence the selection of group members, the decision regarding the income generation activity and the loan amount they intend to take. After formation of the Group, the concerned Field Credit Assistant collects the KYC consent form as per guidelines along with ID proof and address proof for processing of client details to the Credit Bureau enquiry. After getting the Credit Bureau results, training is conducted for 2 to 6 days on procedures, methodology, calculation of interest rates and business development skills. The purpose of this training is to assist the members in identifying an income generation activity. Once the initial group training is complete and enrolled into a group through a Group Recognition test conducted by the authorized field officer (usually BM and above cadre), the groups meet weekly in their villages at a place and time convenient to them. The members undertake the responsibility of approving and repaying the loans. The field staff of the Company (Field Credit Assistant - Loan Officer) facilitates the loan utilization, repayments, and credit discipline of the groups. At the field level, the Branch manager, Area manager and Divisional manager make surprise visits to the centers/villages and verify the operations with the clients. The clients have access to these higher-level staff to highlight and discuss their issues/grievances, if any. The senior staff at field level has been empowered to take certain actions/decisions to address the needs/issues of the clients immediately.

Apart from extending microfinance loans, the company also provides micro enterprise/ business loans to individuals.
